

ENA Meat Packing

Assalaamulaikum warahmatullahe wabarakaatuh.

First and foremost, we would like to wish everyone a Healthy and Happy 2020. We hope that everyone has been staying safe through these troubling times of COVID-19. As many may imagine, this year has not been easy for any of us, but together we will get through the hard times.

Our customers and our employee's health is our utmost concern, so this year for EID we will be practicing safety first. The best way we see this being done, is by minimizing person to person exposure. The best practice for this will be contactless ordering, payment, and pick up.

For EID 2020, we will not be allowing anyone into our facility. Also, we will not be allowing anyone to choose their own animals, nor be able to harvest their own animals. We understand this is not ideal especially for this occasion, but we MUST protect everyone, and this is the only way we feel will work.

Instead we will be implementing an online ordering system for EID. Time slots will be made available in a first come, first serve basis. We will process the orders, cut them up, package them and have them ready for you when you arrive for pick up in the time slot provided.

Our main goal for this year is to keep everyone safe while still maintaining the highest quality products we can offer. Many of our customers come back year after year, because of how happy they are with the quality of our meats. We always strive to ensure the best quality meat is always provided. We want everyone to be comfortable knowing we will only be hand selecting the best quality animals for you and your family to take home. With over 30 years of experience in the meat industry, we are confident you will be completely satisfied with your purchase.

Please keep checking our website constantly, for more information on when we will be opening our online ordering system. Feel free to create your account ahead of time, and we will send you an email when ordering becomes available.

Thank you all for your understanding,

Jazaakallah,

The Kucubkarca Family
